ST. JUDE BIKE-A-THON SATURDAY, JUNE 2

This year the Bethel Lions Club along with the Bethel Boy Scouts and Cub Scouts are sponsoring the St. Jude Bike-A-Thon. Any interested youth who desires to participate in the St. Jude Bike-A-Thon should contact Eldon Greenleaf, 824-2100 or Raymond Harrington, 824-2698 for rider sponsor forms. FROM THE
bethel town office

Following a request from the Town Office in March to review the traffic patterns at the intersections of Church, Main, Broad and Mill Hill Streets, MDOT traffic safety engineers installed last week stop signs on Broad and Main Streets. The new signs followed the Town Meeting action turning down construction of traffic islands at the head of Main and Mill Hill Streets to channel traffic, together with proper signs, through the unique and sometimes confusing intersection. "This marks the demise of Maine's only four-way 'yield' intersection, a practice that is extremely dangerous," said head MDOT safety engineer Bruce Ibarguen. Motorists are urged to exercise caution and restraint in this intersection.

Citizens are reminded that the interest-free date on Transition Period taxes was Tuesday, May 15, and interest at the rate of 1.25% per month must be added to the bill. Anyone with unpaid tax bills is urged to contact or stop in at the Town Office to avoid the added expense.

The Board of Selectmen met in special session Monday evening, May 14. in the Town Office Meeting Room and approved a proposed budget for the twelve month period July 1, 1984, through June 30, 1985, totalling $494,846.61 to be raised from taxation. On the surface, this represents a 5% in-

The Directors approved the concept of a self-supporting summer school at Telstar to enable students requiring remedial work to acquire additional instruction in subject matter.

An overnight trip to UMO and Acadia National Park, Mount Desert Island, for the 19 sixth grade students of Roger Sabin at the Andover Elementary School was approved by the Board. They then are to travel to Acadia National Park. On Sunday, June 3 they will climb Cadillac Mountain, meeting the bus at the summit. The group will travel by bus to visit points of interest within the Park. They are to return to Andover via Bangor, arriving at the Elementary School at about 8:30 p. m.

By a roll call vote of 11 to 4 the Directors granted Telstar English teacher Helen Berry an unpaid leave of absence from Sept. 1, 1984 to Oct. 15, 1984 for the purpose of travel. Opposition to the granting of the leave appeared to

Greenwood City

— Mrs. Colista Morgan, Corres. —

Did you ever go to collect fiddle-head greens? Well, I did just a short time ago. I chose the Bulldozer Road. In places I walked with miry feet and heard the sound of many waters chattering their time away. It was rather cold and wet when I started. No fragrance of soil but flowers and twigs were everywhere showing their faces.

A woodland walk is a happy experience and no matter how often repeated will never lose its charm. At this time of year there are so many things to see.

The shrubs are so many and varied, each interesting in its own way. The Shadbush is one that grabs the early glory. From some hillsides, as it begins to soften with the pastel greens of new leaves this bush explodes with delicate sprays of white. It is found along roadsides as well as hillsides. In full bloom it's very attractive and just right for New England, as is the cherry for Washington, D. C. or the azaleas of Georgia.

Along this road side there were what I used to call Dogtooth violets but are now Trout lilies.

Looking beyond these were the red trilliums or wake robins. When as a child I heard them called Stinking Benjamins I was curious to hunt them out. A flower with that evocative name had aroused my interest. It was worth looking at and—smelling. The only plant with a more offensive odor is the skunk cabbage. Fortunately, when walking among them ones face is far enough above them so that the smell is not offensive. Looking down on them the blossom looms up like a six pointed three toned star and I always welcome them in the spring.

All this time I was finding Fiddle-heads which I later cooked. They were good!

Busy birds sang their sweet songs, as they moved about, like gay blossoms among the green leaves.

The thrushes have returned and I'm just waiting to hear these marvelous singers whose pure ethereal notes thrill a listener.

High on the hillside I had a feeling of distance and space. The whole country lay before me.

I drifted down into a close intimacy of birch and fir dodging around rocks and trees. From across the pond came the hooting of an owl. I hear it often during the afternoons.

So I reached home to be greeted by the moving swallows rising and falling in a revolving wheel telling me that spring progresses like a long black sentence with a bright mark at the end making me tingle with the beauty of it.

High St., West Paris

Sent in by Viva Whitman:

Another week has gone by and it gets nearer Memorial Day all the time. Hasn't been too bad at all where the weather is concerned. Got to expect those Spring showers, whether we want them or not.

Monday was a beautiful day and a busy one for us. We went to Bethel where Russell took care of some business and he went looking at small trucks to purchase and tried one. We then went up to West Bethel to see Peggy as she had a few pieces of lumber to give Russell that were at her home on the Sunday River Road, so took her with us and had just stopped there when Jim Swan, who was gong up to his home on the hill, stopped to talk. Russell and I couldn't stop too long as we had someone coming to rototill a garden for us at our niece, Hilda Taylor's home. Of course we couldn't pass up the five point Grange meeting at Bryant Pond, so went there in the evening, making it a rather full day.

Woke up tired and stayed that way all day Tuesday. Russell had decided he liked the little truck he tried out so went up to get it and from there went to Fryeburg to see the doctor. He seems as discouraged about me as I do. Can't seem to find anything to stop this coughing and wheezing that tires me all out.

We had been asked to go to North Buckfield on Wednesday night to put on a skit I had written about formaldehyde and I hoped that I might be able to help someone with letting them know how it had affected me. We had a real good Pomona meeting with a pot luck supper preceding the meeting and enjoyed the company of all the nice people there.

Wynona and Michael came Thursday morning with Courtney and brought me my Mother's Day gifts early as they wouldn't be here on Sunday. I have a beautiful picture of Courtney in her Easter dress and she looks pretty cute. They know I love to have pictures of her, as she is so special to me. She wasn't here too long as I had an appointment in South Paris the latter part of the forenoon, but love her while I have the chance.

Friday was another hectic day I am feeling all the things I have done. I needed to do a couple of errands in Lewiston and Peggy was going down, so I hitched a ride with her. She needed some work done on the car she had traded for, so while they had it to fix, they loaned her a car to use. She took me over to Wynona's and then she went to visit with her daughter, Myrna. She didn't come back until the middle of the afternoon, so I went shopping with Wynona and Courtney as well as doing the errands I needed to do. It is astonishing how fast little legs can go when a small girl or boy heads out on their own. Courtney always has to go see every little girl or boy she meets and wants to love them. Some don't mind and others just wonder what is coming their way, I guess. She is so friendly with all that it scares me sometimes. Any way, after lunch, Wynona needed to go to one more store and away we went, but it was too much for Baby. She couldn't keep her eyes open until we got home and Grandma had to pick her up out of the cart, where she immediately fell asleep in my arms. Wynona had found what she needed, so we went home and my legs said they were glad to rest at that point as well as the baby was.

Didn't think Saturday would be too busy, even though it was Grange night for us at Bear River Grange. What a crowd! There were seven of us, just enough to hold a meeting. Couldn't have done that if one hadn't been a visitor. We had a lot that needed deciding and we did it and hope it suits the rest. I had worked on a special Mother's Day prognam and we had a good time with it.

Of course it was Maine and New Hampshire night at Lakeside Grange at Harrison so really we didn't expect too many and didn't get them at our Grange either, but those of us there had a good supper and meeting, getting a lot of things taken care of.

My mind has been with my daughter and family today, as they took off early this morning for California to visit with Michael's mother and his sister out in Burbank. Their plane left at 7 a. m. and they were to arrive in California at L.A. about 3:30 p. m., where they had to wait for three hours to get a helicopter to fly them to Burbank Airport for Mike's Mother to meet them. Wynona called me at 3:45 to let me know that they had arrived in L. A., and I hope they have a good week there. Her first time to fly, but she said she didn't mind too bad, and Baby made out pretty good too. Had a nice visit from my grandson, Toby Whitman. He came down from his other grandparents' house on his ten-speed bike he got for his birthday in April. I was glad to see him, as I hadn't seen him since Xmas. Misty and Karen Yates came down to see what was going on also. If you drive by and the place looks different, it will probably be because of the bushes that Russell cut. It makes the lower end of the place look a lot better.

Our next Grange Meeting at Bear River Grange will be on May 26. It will be gentlemen's night and hope to see a good turn out. A potluck supper will precede the meeting at 6:30 as usual. The meeting is in the gentlemen's hands with Paul Billings, the leader for the night. He has a good speaker coming and some fun planned as well, so should be a good time for all.

I must tell you about all our little feathered friends we have now. We still have some chick-a-dees and bluejays; also mourning doves and the pretty purple finches are here. We have quite a large number of Pine Siskin, who like to fight over the feeder, as well as some bright Gold Finches and tonight have seen a beautiful little Indigo Blue Bunting. The first one I have ever seen. We love to watch the birds. When I see a new one I have to look in the book to see what it is. It is expensive to feed them, but we get so much pleasure out of watching them, that I guess it is worth it all. Hope other new birds will appear to surprise us also.

WOODSTOCK HISTORICAL SOC. PREPARES FOR SUMMER

Last week's meeting of the Woodstock Historical Society featured two crafts: Leatherwork by Mary Billings and cake-decorating by Elton Cole. These hands-on demonstrations were greatly appreciated by all those attending.

Also, Robert Billings of the Building Committee has been busy getting electricity hooked up to the museum building. Curator Larry Billings has transferred the winter acquisitions to the Woodstock Museum. He hopes to open the Museum in June with a book sale. In addition, the Museum usually sells flea market items over the summer. If anyone has any of these to donate to the Society, please bring them to Larry Billings or President Annie Crockett. President Annie Crockett's table at the recent D.A.R. sale was relatively successful. Assistant Curator Louisa Noyes has been cataloging books for the Museum. And the Society would like to thank Louisa and Verna Swan, who serve so faithfully on the refreshment committee. The fine food they have solicited from members is one of the highlights of every meeting.

The Society hopes this year to hold some special day of celebration in the Woodstock Musum. After all, this is the Society's fifth year of existence and the Museum is now well-established. The date of this fete will be announced when the plans are finalized.

Recent acquisitions of the Museum are some notebooks of H. C. Bacon from the 1890's. There are many interesting things in these journals, but perhaps readers would be most amused by the prices recorded in the bookkeeping entries. Consider the following from the years 1893-94: 1 pen, 1c; 1 thenmometer, 20c; 10 postcards, 10c; 5 gals. of kerosene, 55c; a new suit, $2.75; 2 lbs. raisins, 15c; 2 lbs. of nails, 7c; 5 lbs. of beef, 30c; and 3 lbs. of halibut, 36c. Among the deaths for 1893 the lists Rutherford B. Hayes and James G. Blaine; for 1894 he lists Dr. William B. Lapham. As summer approaches, items donated to the Society seem to be increasing.

All in all, the Society anticipates a fruitful summer season.

NOTES FROM

Evans Notch

White Mountain National Forest

On May 1st, several employees of the Evans Notch Ranger District of the White Mountain National Forest reviewed the District's wildlife habitat management program. The chief purpose was to improve the program. Some of the highlights may be of interest.

Efforts to maintain and perpetuate wildlife openings were reviewed. Open areas in the forest provide "food and lodging" for a variety of game and non-game species. The "edge" provided at the opening/forest canopy is frequented by wildlife. Forest visitors, such as hunters, photographers, campers, and berry pickers find openings of interest. Maintenance keeps the openings free of undesirable brush and hardwood sprouts while it promotes the desirable grasses, shrubs and forbs. This summer's opening maintenance program will include brush sawing on nine sites (26 acres); brush hog work on ten sites (30 acres); and a combination of brush sawing and stump sawing on 15 acres at the Bean Orchard. These contract opportunities will be advertised in early June.

An additional eight (8) acres of openings will require stumps to be cut and piled. Persons interested in submitting a quote for this job should contact the District Office by May 25, 1984.

Select seeding and plantings are done in wildlife openings. A standard practice at the conclusion of a National Forest Timber Sale is the placement of erosion control structures on skid trails, temporary roads, and landings. In addition, the areas are limed, fertilized, and seeded. In temporary roads and landings that are scheduled to be kept open for wildlife needs, specific mixtures of seed are sown to provide food and cover for wildlife. Moisture conditions, such as dry, moist, or wet sites also indicate the type of mixture used. Forty apple trees were planted recently in select openings to provide food sources. The species selected included those that retain their fruits throughout most of the winter to prolong availability of the food source.

Past work at the Bean Orchard was reviewed. As mentioned above, brush sawing and reduction of stump heights will be contracted this summer. Some equipment work will be done to provide future access by mechanized mowing equipment. Berries and wild rose will be promoted in the brush piles present. Vandalized signs will be replaced when funding permits.

Past work at the Patte Marsh was also discussed. The granite dam is scheduled for repairs this summer, with a number of leaks to be plugged. The management plan for the marsh will be revised to reflect the increasing importance of maintaining adequate flows downsteam in the fall for salmon rearing.

If you have any questions about any of the above, or wish to know more about wildlife habitat management activities on the Evans Notch Ranger District, please contact Wayne Millen.

Letters to the Editor

5-15-84

To the taxpayers of Bethel:

The selectmen of your town worked last night on the municipal budget for the new year. Because the county budget is known and the school budget due to be voted on next week the tax rate will be a known amount by our town meeting.

The municipal and county budgets are not at this point going to necessitate any increase in the tax rate over the last full year.

However we are faced with a large increase in the school budget. The percentage of increases (Bethel Citizen 5-3-84) are for Andover, 12.8%; Bethel 15.9%; Greenwood, 12%; Newry, 21.1%; Woodstock, 12.3%. For Bethel the increase in dollars from $414,903.16 for last year to 0481,871.25 ($66,968.09) converts into an increase of 2 mills on our tax bills.

The increase in the school budget is not reflected in "state share" monies but is found in local monies not matched by state funds which is increasing from $118,110.00 to $232,740.66 for the district. Included in these amounts are monies for 6 additional staff positions.

The enrollments in the system (using the new kindergarten projections and moving the grades up within the schools) show an overall increase of 18 students—3 additional in all elementary schools and a change of 15 additional in the Telstar building (grades 6-8 minus 55 and grades 9-12 plus 70).

I have reviewed the school budget warrant articles. If the majority of the voters at the meeting are satisfied wih the school budget then no changes need be made. If however, the majority of the voters do not approve of the budget then two articles must be addressed and the monetary amounts amended. Article VI (6) in the amount of $232,740.66 would be adjusted by a given amount and subsequently Article VII (7) be adjusted by the same amount.

Of any amount adjusted (cut) the town's share of that savings would be: Andover, 18.13%; Bethel, 37.21%; Greenwood, 16.10%; Newry, 9.47%; Woodstock, 19.0%.

Whether you as a taxpayer feel this school budget increase necessary and affordable or not I urge you to attend the meeting.

Patricia C. Dooen

The first stop will be the Shaker Museum at New Gloucester. This Shaker Community founded at Sabbathday Lake in 1783 is the largest and most active of the two remaining Shakers groups in the United States. Of the 18 surviving buildings, nine predate 1850. They are vivid testimonials to the workmanship associated with Shaker life and the tour will emphasize the rich heritage of the United Society of Believers (Shakers).

Following this visit the bus will continue on to Cole Farms at Gray for lunch and then head for Wadsworth - Longfellow House, a three story brick house built between 1785 and 1786 which was the boyhood home of the famed American poet Henry Wadsworth Longfellow. It was the first brick house in Portland and contains many objects associated with the poet's early years.

From here the bus will travel to the Portland Observatory, an octagonal tower about 82 feet high which stands on Congress Street at the top of Munjoy Hill. At 141 feet above sea level the observatory affords a panoramic view of the city, harbor and the surrounding countryside. It was built in 1807 and given to the city of Portland by the Moody family in 1937.

The bus will return to the Dr. Mason House following this tour. The tour is open to anyone interested and a modest fee will be charged to cover transportation and museum admissions. For further details or to register, please call the Bethel Historical Society at 824-2908 or S.A.D. 44 Adult and Comunity Education at 824-2780.

crease in the municipal budget. However, if the voters accept proposals of the Selectmen to use $120,000 of surplus to reduce taxation and $30,000 of Federal Revenue Sharing funds to defray the costs of certain public works projects, the effect on the tax rate generated from the municipal budget will be slightly less than in 1983. Readers are cautioned, however, to familiarize themselves with the S.A.D. 44 budget where increases are expected.

The proposed municipal budget maintains existing programs at their present levels; new initiatives are not funded. Four road and sidewalk renewal projects were cancelled, reducing the Public Works budget more than $88,000. At the same time, the Selectmen, after discussing the almost 6,000 total man hours required to complete summer road repair projects approved at the last two Town Meetings, voted to authorize the temporary summertime employment of high schoolers. Funds for wages to pay the temporary help have been carried forward with the projects to avoid the need to add more money. Other programs, such as police and ambulance service remain essentially unchanged from 1983.

The Board voted to hold the Town Meeting on Monday, June 4, at 7 p. m. in the Telstar Auditorium to enact a budget for the coming municipal year and transact other matters of business.

The Budget Committee will commence deliberations on the proposed budget tonight (Thursday) at 7 p. m. in the Town Office Meeting Room.

AUDIOLOGIST TO BE AVAILABLE ONCE A MONTH AT HEALTH CENTER

The Bethel Area Health Center is pleased to announce that, starting June 7, a licensed audiologist will be available at the Health Cetner one day a month to provide full audiological services as well as hearing aid services.

Through an agreement with H. E.A.R. Inc. (Hearing Evaluation and Rehabilitation Inc.), Patrick Feeney, a licensed audiologist and hearing aid dispenser, will see patients with hearing problems either through referral from a physician or by the person calling the Health Center for an appointment.

Mr. Feeney received his master's degree in Audiology in 1979 from Washington State University in Pullman, Wash. After working for over two years with a private otolaryngologist (a physician who specializies in disease of the ear, nose and throat) in Des Moines, Iowa, Mr. Feeney came to Maine in January 1981 to establish H. A. A.R. Inc. in conjunction with Dr. Frederick Holler and Dr. Benjamin Lounsbury, two otolaryngologists in Lewiston.

H.E.A.R. Inc. is a full service audiology practice which offers complete clinical audiology, including a full range of diagnostic testing, industrial audiology and hearing aid dispensing.

Mr. Feeney is a member of the American Speech, Language and Hearing Association, the American Auditory Society, and the Maine Audiology Society.

NATIONAL HONOR SOCIETY AT GOULD

Twelve Gould Academy students were inducted into the National Honor Society at a special assembly held at the school.

Assistant Headmaster Dr. Harry H. Dresser, Jr., spoke to the assembled students, faculty and parents about the importance of knowledge and the criteria by which a student is elected to the National Honor Society, namely scholarship, character, and service. He then announced the following new members of the NHS.

Seniors: Karl Barth, son of Al Barth, Bethel; Edna Isham, daughter of Mr. and Mrs. Donald Isham, Albany Township; Jeffrey Plummer, son of Mr. and Mrs. William N. Plummer, Auburn, and Cathy Rossignol, daughter of Mr. and Mrs. Philip Rossignol, Madawaska.

Juniors: Jennifer Allen, daughter of Mrs. Dianne J. Brown, Wolfville, Nova Scotia, and Matthew Bevin, son of Mr. and Mrs. Avery Bevin, Shelburne, N. H.

Sophomores elected to provisional membership are Anne Courchesne, Hampton Falls, N. H.; Jay Davis, son of Mr. and Mrs. Jay M. Davis, Albany Township; Erika Dresser, daughter of Dr. and Mrs. Harry H. Dresser, Jr., Bethel; Sallie Fiske, daughter of Mr. and Mrs. Frank Fiske, Stoneham; Leah Garnett, daughter of Mr. and Mrs. Leon Garnett, Newcastle, and Erika Tobin, daughter of Mr. and Mrs. Philip C. Tobin, Blue Hill. These 12 joined eight other Gould students who had been elected to the NHS in previous years.

TREE MOVED TO MAKE WAY FOR NEW TERRACE—The Bethel Inn & Country Club was the scene of a successful tree moving operation by Fred Burk and crew, Sunday River Tree Service, last month. A forty foot maple, which stood right in the middle of what soon will be the Mill Brook Terrace, was uprooted and replanted on the Inn's golf course. Thanks to the kindness of Charles and Edie Seashore, long-time summer residents of Bethel, a tree once again stands on the fourth fairway.

The Mill Brook Terrace, a screened-in patio with a striped awning, will be located on the Inn's lower level. According to Ray Moran, General Manager, completion is slated for June. The terrace will offer a special beverage menu and entertainment.

In the above photo, Fred Burk of the Sunday River Tree Service, secures ropes to support the replanted maple tree.

CORRECTION

The article in the warrant for the Annual S. A. D. 44 District Meeting concerning Energy Conservation Improvements was incorrectly reported in the May 10 issue of The Citizen. The $8,670 would not be expended for a project at Crescent Park School, as stated, but at the three other elementary schools in the District.

The proposal calls for the following expenditures: Andover Elementary School, $1,400 (insulate steam/condensate pipes with 1" insulation); Ethel Bisbee School $4,870 (install storm windows on basement and first floor); Ethel Bisbee School, $1,000 (insulate steam/condensate pipes with 1" insulation); Woodstock Elementary School, $1,400 (insulate steam/condensate pipes with 1" insulation).

If approved by the District voters on May 21 the 10% local share ($867) of the $8,670 project will be assessed to S.A.D. 44 taxpayers.

Safety Tip of the Week

The weather is turning warmer, but remember the water temperature is still quite cold. When boating, please wear personal flotation devices (life jackets). If the boat overturns, stay with the boat. Keep the body curled together to keep in warmth. The life jacket will help to keep your head above water. Do not waste body energy trying to swim to shore. Better yet, be careful in a boating situation by not overloading a boat and not fooling around in the boat.

FIFTH GRADERS FROM C.P.S. VISITED PORTLAND SCHOOL

On Thursday, May 3, both fifth grades from Crescent Park School went to Portland for the first half of an exchange visit. The students were accompanied by their principal, Mrs. Davis, their teachers, Mrs. Wheeler and Miss Newcomb, and six enthusiastic parents: Sylvia Cross, Chris Murphy, Sandie Endicott, Guy Downing, Lin Chapman and Nina Wheeler.

After meeting the students from Lyseth School, with whom they'd exchanged letters, their day began. One fifth grade from C.P.S. and one fifth grade from Lyseth toured the Western Promenade and then walked down Congress Street, taking in outstanding landmarks such as Longfellow Square, the library, The Museum of Fine Arts and City Hall. Meanwhile, the other two groups toured the Civic Center, catching the Maine Mariners during a workout session, and then also walking down Congress Street. At lunch time the groups met at Fort Allen by the ocean and enjoyed a picnic lunch. After lunch, the groups took in the historic Portland lighthouse and then walked through the Old Port section of Portland. They then returned to Lyseth School where the C.P.S. students had an opportunity to visit the classrooms of their penpals. The C.P.S. students then left Lyseth and with principal, teachers and chaperones, browsed through the Maine Mall before returning home to Bethel.

On May 31, the Lyseth School students will complete the exchange visit by coming to Crescent Park School, where they will experience an organized day in the country.
